CVEDC is one of twelve non-profit regional development corporations in the State of Vermont. We were organized in 1976 to

provide impetus for the region's economic development. We have an Executive Director and a Director of Development. We have a 29 member volunteer Board of Directors comprised of local business owners, State representatives, lenders and municipal officials. Our office is co-located with a Small Business Development Center Advisor in Montpelier. Our funding primarily comes from the State of Vermont, as well as from municipalities and dues paying business members.
